📍 Addis Ababa, Ethiopia

EDUCATION

Bsc. in Software Engineering

Sep 2020 – Jun 2025 | Addis Ababa, Ethiopia

Addis Ababa University (Top 10th university in Africa) [🔗](#)

- **CGPA: 3.94 / 4**
- Relevant courses: Data Structures and Algorithms, Operating Systems, Object Oriented Programming, Computer Graphics, Machine Learning, Mobile Application Development and Web Application Development.

Coding Academy

Nov 2022 – Oct 2023 | Addis Ababa, Ethiopia

Africa to Silicon Valley (A2SV) - Backed by Google [🔗](#)

- A2SV is a non-profit organization that upskills high-potential African University students, connects them with top tech companies and creates digital solutions to urgent problems in their home countries.
- A2SV has placed **50+** students at top-tech companies such as **Google, Bloomberg, Databricks, Amazon, LinkedIn**, and **Square** in the last four years.

PROFESSIONAL EXPERIENCE

Machine Learning Intern

Oct 2022 – May 2023 | Addis Ababa, Ethiopia

iCog Labs [🔗](#)

- Collaborated with a team of five developers for three months implementing a machine learning model capable of analyzing and categorizing textual data by applying **LDA** techniques, leveraging **NLTK, Gensim** and **scikit-learn** packages from python for MindPlex project [🔗](#), a decentralized magazine platform.

SKILLS

Advanced

Python, JavaScript, TypeScript, ReactJS, Tailwind, Flask, Express

Intermediate

Java, Flutter, Django, NestJS, MySQL, MongoDB

Beginner

C++, Haskell, TensorFlow

PROJECTS

Book Club Mobile App [🔗](#)

May 2023 – Jun 2023

Mobile & Backend Development

- Worked on app that connects users with similar reading interests together with four developers for one month using **Express** for the backend
- Implemented user authentication and authorization that include role based permission management across groups.
- Implemented user interface using **Flutter** adhering to **Domain Driven Development** principles.

Pixel Den [🔗](#)

Jul 2023

Web Development

- Designed and implemented a web app where users can share digital assets using **React** and **Tailwind**.

Twins Furniture Website [🔗](#)

Oct 2022 – Oct 2022

Web Development

- Independently designed and developed a visually appealing and user-friendly website for a furniture store within two weeks using **Python, Flask, MySQL, JavaScript, HTML, CSS**.

Fontz Blender Add-on [🔗](#)

Jan 2023 – Jan 2023

Blender Plugin

- Developed an add-on for **Blender** [🔗](#), a 3D computer graphics software, that simplifies the creation and manipulation of 3D texts using **Python** and **Blender API**.
- Automated a graphic designer's workflow, reducing project turnaround time from 3 to 2 days per project by implementing an auto alignment and spacing feature.

ACHIEVEMENTS AND CERTIFICATES

Earned certificates in machine learning from Coursera

Supervised Machine Learning: Regression and Classification [🔗](#)

Neural Networks and Deep Learning [🔗](#)

INTERESTS

Video games | Animated movies | Hiking | Computer graphics | Game development
